One Great...

BOOK *Losing the Moon* by Patti Callahan Henry (NAL) A happily married woman is tempted by her high school boyfriend who mysteriously reappears in her life.

MOVIE *The Day After Tomorrow* (20th Century Fox) The special effects in this thriller about global climate disaster include a tornado-ravaged Los Angeles, grapefruit-size hail in Tokyo and a New York hit by a new Ice Age.

DVD *Girl with a Pearl Earring* (Lion's Gate) The popular novel is turned into a quiet, elegant film, starring Scarlett Johansson.

CD Patty Griffin, *Impossible Dream* (ATO) A heartbreaking and breathtaking CD from one of today's most gifted songwriters. The emotional depth and melodic grace of Griffin's songs will stun you into silence.
